Travel over the Jacobs Creek to visit some small wineries with rustic charm, making wines in traditional Barossa methods, such as Rockfords and Charlie Melton. Before lunch enjoy a picturesque drive up to Menglers Hill for unsurpassed views over the entire Valley and then continue into historic Angaston. **End: Monday**

Fly from Adelaide Airport to Kingscote Airport (Kangaroo Island) where you will be met by your tour guide. Have a cup of tea with some home-made cakes before taking a walk down a country track through tall Eucalyptus trees where koalas snooze overhead, or perhaps wake briefly for a feed.

Travel through some of the Island's best farming country to the north coast. At Latham Conservation Park walk quietly through the bush with your guide - what makes that noise, who's tracks are those, and who left THAT little pile there? Look for wallabies which are almost extinct on the mainland, and a kangaroo found only on Kangaroo Island.

Break for lunch and enjoy a delicious meal featuring King George whiting (local sea fish), fresh salads and fine South Australian wines at a private bush location.

At Seal Bay Conservation Park walk with your guide among Australian sealions on a beautiful sandy beach. Watch pups nursing, or playing in the surf, see old bulls bearing the scars of territorial disputes and learn about their unique breeding biology. The remainder of the afternoon is spent exploring more of the south east region of the Island with destinations and experiences chosen to reflect seasonal opportunities.

Then arrive and check-in to your accommodation for the night.

*Note: Above touring is on a shared basis and based on the 'Island Life' tour on the first day of touring and the 'Flinders Chase Focus' itinerary for the second day. This order may be reversed on request but is dependent on availability.*

## Day 7 – Kangaroo Island

This full day share tour explores some of Kangaroo Island's highlights and lesser known backtracks of Flinders Chase National Park - a wilderness covering nearly 200,000 acres. It is home to a wide array of wildlife species such as kangaroos, wallabies, possums, goannas, echidnas, koalas, platypus and many birds including rare Cape Barren Geese. In addition to the wildlife habitat the park also protects important geological features and cultural heritage sites.

The drive down to Cape du Couedic takes in some dramatic dune country with a complex fire history and an interesting range of vegetation types.

The road alignment follows the original horse trail between the ranger station and the lighthouse settlement on the tip of the peninsula.

At Cape du Couedic visit a fur seal colony which now number over 50,000 after being decimated by hunting in the early 1800's. These animals can be observed at rest on the rocks or frolicking in the surf under Admirals Arch - a spectacular coastal grotto. On the headland above is a beautiful stone lighthouse where three light keepers and their families lived, maintaining a warning for ships. With no road access until 1940 life was tough - supplies came by sea only every 3 months.

Another impressive stone structure had a different architect. The Remarkable Rocks, huge natural granite sculptures, have been carved by relentless winds, rain and salt from the Southern Ocean. The end result looks like a meeting of the minds of Henri Moore and Salvador Dali!

Good wines and local produce features highly on the picnic lunch menu which you can enjoy out in the bush before exploring more of the Island. Depending upon the season, the afternoon might include a visit to "Grassdale" in the heart of Kelly Hill Conservation Park, the secluded pools of the Rocky River or a rugged South Coast cove.

You will be met by your guide and will be transported to Kingscote Airport for your return flight to Adelaide.

*Note: Above touring is on a shared basis and based on the 'Island Life' tour on the first day of touring and the 'Flinders Chase Focus' itinerary for the second day. This order may be reversed on request but is dependent on availability.*
